

## **Abbey Insulation**

### Description:

Sligo's longest established and largest insulation company. Keeping up to date with new developments in insulation & building regulations, coupled with high standards of workmanship that have always been the cornerstone of Abbey Insulation.

We recognize that home owners, self-builders and contractors, have only one opportunity to install insulation and for the insulation to be at its most effective it must be installed correctly. We are here to offer advice and solutions to all insulation requirements.

Abbey Insulation was established in 1996 and now offers a full range of insulation products to suit your requirements. Specializing in the installation of insulation materials, directly into cavity wall and attics, and timber frame houses.

Our staff has over 25 years experience of the insulation market. Products we use achieve compliance under Part L 2007 Building Regulations and BER (buildings energy rating).
